 Salt Lake City, UT 84115

### PRODUCTS

Panex 35  
 Panex 30  
 Pylon

### APPLICATIONS

Wind Energy  
 Automotive  
 Offshore Drilling  
 Infrastructure  
 CNG/Pressure Vessels  
 Thermoplastic  
 Compounding  
 Marine  
 Energy Storage  
 Friction Resistance  
 Sporting Goods

### COMPANY

Zoltek Companies, Inc., through our wholly owned subsidiaries, engages in the development, manufacture, and marketing of carbon fibers for various applications. Our carbon fibers are used as the primary building material in commercial products. We sell our commercial grade carbon fibers under the PANEX trade name and our oxidized acrylic fiber under the PYRON trade name. Our operations are primarily in the United States, Mexico and Europe and we sell our products worldwide.

Today Zoltek products are increasing the energy output of wind turbines, creating more fuel efficient vehicles, and lifting other industries to higher levels of performance.
