## Pelagia aquire Epax Omega-3 business

We are pleased to announce that Pelagia has signed a definitive agreement with FMC to acquire their Epax® Omega-3 business. Epax is a leading global brand of concentrated marine-based omega-3 fatty acids for dietary supplement and pharmaceutical preparations. The Epax Omega-3 product line will complement Pelagia's existing product offerings and add to the strategy of increasing our portfolio of value added products. The closing of the agreement will be in August.
